BACK TO RENEW OLD FRIENDSHIPS

Mrs. Willona Parsons, Wife of General Manager of Southern Pacific, Here in Private Car

HUSBAND, DAUGHTER WITH HER

Inquires About Former School Friends and Teachers And Desires to See Court House

Many notable changes have taken place in Rushville within the last thirty years, according to Mrs. Willona Parsons of New Orleans, who was reared in Rushville, and may be recalled by people who knew her as "Will" Stockham, when she gave out an interview this morning in their private car which is located in Fourth street near Harrison in the C. I. & W. yards.

Mrs. Parsons, with her husband, J. H. R. Parsons and daughter, Miss Anna Parsons, arrived in Rushville this morning at seven o'clock in their private coach from New Orleans, and they will remain here until Sunday midnight, when they leave for Chicago.

Mr. Parsons is the vice-president and general manager of the Southern Pacific lines, and he and his family are on their vacation, with several stops in view, and Mrs. Parsons desired to spend some time here renewing old acquaintances and in looking over the city wherein she was reared.

Mrs. Parsons is the daughter of Joe Stockham, who may be remembered by the Rushville people when he was in the shoe business here in the early '80's and who at one time served a term as township trustee. She attended the schools here and among her first inquiries she asked about Prof. David Graham, who has since died, and for whom the high school building is named.

Mrs. Parsons stated that only a person who had been away 30 years could see the growth and changes that have taken place. "What has become of the Innis-Pearce factory that stood on that lot?" she inquired, pointing to the closely built up district above Fourth and Harrison streets.

"I'm anxious to see the new court house, which was built recently, because when I left here the old building was still in use. All of these houses around here are not familiar to me, but the depot looks like it always did," she remarked.

Mrs. Parsons inquired about many of the "boys and girls" with whom she went to school, and also about the teachers, but in the course of 30 years, many have died or moved to other places.

Mr. Parsons, who is so directly associated with the railroad affairs, stated that the tide is now turning and that business will soon be back to normal, and cited the fact that the railroads are now emerging from a critical siege of hard times.

He cited that railroads have been

FORMER CARTHAGE POSTMASTER DIES

George A. Fletcher, Age 60, Expires at Son's Home in Picher, Oklahoma Friday

FUNERAL IN MAYS MONDAY

George A. Fletcher, formerly of Carthage, died yesterday morning at the home of his son, Ralph S. Fletcher in Picher, Oklahoma, following a several weeks illness of stomach trouble. The deceased who was 60 years of age, was postmaster at Carthage several years ago and formerly owned a jewelry store there. He is survived by the widow, one son at whose home he died, and a daughter, Mrs. Earl Harter of Brazil, Ind.

The funeral services will be held at the home of John T. Bowles in Mays Monday afternoon at two o'clock. The burial will take place in Knightstown cemetery. The Rev. L. E. Brown, pastor of the Main Street Christian church, will have charge of the services.

Accommodating Is Word For Police Force

Accommodating—that's the word for the Rushville police force, although the night policemen did not know they were going on an errand of "mercy" last night when they answered a "stolen automobile" alarm. About midnight they received a telephone call that a machine had been seen in an alley in the north-eastern part of the city, near the entrance to the garage, which was open. The suspicious folks who sent in the alarm had visions of automobile thieves.

Patrolmen Jenkins and Nicholson answered the call. They found the machine and their suspicions, too, were aroused when they found it bore a dealer's license. They awakened the occupants of the house and discovered the reason for the unusual circumstance.

The car had been purchased a few days ago by a man who was not familiar with driving. He "killed" his engine as he started in the garage, and being unable to start the engine again on account of the starter sticking, left the machine with its nose sticking inside the garage door.

The patrolmen, after such a hike, were determined to perform some service, and offered to help the owner shove the stranded machine inside if he would lend a hand. This he most gladly did and the obstreperous car was tucked away in its "downy" for the night, none the worse for the experience.

CHARLES V. TEVIS DIES IN NEW YORK

Former Rushville Man, Son of Methodist Minister, Born and Reared Here

WAS IN NEWSPAPER WORK

Charles Virgil Tevis, age 42 years, died in New York City yesterday, according to a message received here today. The deceased was the son of Dr. Virgil W. Tevis, formerly pastor of the St. Paul's Methodist Episcopal church of this city, but now of Martinsville.

Mr. Tevis was born in Rushville in 1879, was graduated from DePauw University and began newspaper work in Indianapolis. Later Mr. Tevis was Sunday editor of the Cincinnati Enquirer and went to New York City to write Sunday articles for various newspapers.

The deceased was a friend of James Whitcomb Riley and wrote many stories about the Hoosier poet and the interesting group that surrounded him, among whom was the father of Johnnie Gruelle, the illustrator and writer of children stories.

He is survived by the parents and three sisters, Dorothy, Elizabeth and Mrs. Arnold Spencer. No funeral arrangements were available today.

POSTPONED INDEFINITELY

Case of Harry Barnes Delayed by Illness of Prosecutor Stevens

A case scheduled for trial last night in Justice Steel's court of the state against Harry Barnes of Connersville, charged with driving his automobile without lights, was continued indefinitely on account of the illness of Prosecutor Stevens. The defense, his witnesses and Attorney Edwin Johnston of Connersville were here for the case, but Prosecutor Stevens was taken ill shortly before time, and could not appear in court.

The case was the outgrowth of an accident near Glenwood when the defendant was alleged to have driven his machine into a horse and buggy driven by two young men, who stated that the lights were not burning on the automobile.

ARMORED CARS PATROL STREETS

Military in Control in Belfast Today After a Wild Night of Rioting and Disorder

GUNMEN POUR FIRE IN STREET

British Police Patrol all Irish Ports to Search For Arms on All Incoming Steamers

Belfast, Sept. 24.—Corps of armored cars patrolled the streets of Belfast today after a wild night of rioting.

Fighting which broke out shortly after midnight spread throughout a section of the city. Gunmen hidden in doorways poured their fire into the streets. Rioting crowds surged along the main thoroughfares and order was not restored until the military swept the streets with their Hotchkiss guns.

The number of dead and wounded could not be determined.

A bomb hurled in Harland street was the signal for the rioting. The entire east side district seethed with rifle and revolver fire as the detonation of the bomb died away.

Hundreds of gunmen, in the area of Newtown road seized a railway station and the river bridges. They hid in places of vantage and poured a leaden fire along the main thoroughfare. Citizens in tramway cars became panicky and fled the district. Soon all cars were stopped.

The military speeding through the streets in armored cars fired their small arms without effect. It was only when they opened up on the rioters with their Hotchkiss guns that the revolvers threw down their arms and fled. The gangs dispersed before the guns but some of them rooted themselves in points of vantage and sniped until dawn. They took their injured with them.

Only the body of one civilian had been found at noon today.

LOCAL PHYSICIANS "NEARLY" CAPTURE "DEMPSEY" GAME FISH

The Daily Republican is in receipt of an account of how Drs. Frank H. Green and D. D. VanOsdol narrowly "missed" capturing "Dempsey," the biggest game fish in Wisconsin lakes. With the idea that most folks will know the source of the story, the Daily Republican is going to let everyone in on the secret and make it known that the story of the near capture came from S. B. Gary, a brother of L. B. Gary and brother-in-law of Dr. VanOsdol, who lives at Rhinelander, Wis., and who, judging from the practical jokes which he works up, is a perfect match for his Rushville brother. Here's the story, and it may be taken for what it is worth:

An unsuccessful attempt was made the past week by Dr. D. D. VanOsdol, Dr. Frank H. Green and wife of Rushville, Ind., and Lot Green of Indianapolis to rid the lakes in Oneida county, Wisconsin of the monster muskallonge "Dempsey" that has been terrorizing the bathers the past season.

"Dempsey" had his bantam weight aids (20 to 30 pounds each) nibble

ALL BUT TWO OF TAX UNITS REPORT

Levies For 1921 of Every Township and Corporation Except Anderson and Carthage Certified

REDUCTIONS IN ALL OF THEM

County Auditor Will Begin Computing Total Rates as Soon as State Levy is Made

Every taxing unit in Rush county has certified its tax levy for 1922 to the county auditor, Phil Wilk, with the exception of Anderson township and Carthage. It is believed that the levies have been made in both units but that the officials have neglected to make the proper report to the county officials.

As soon as all of the local rates are filed in the auditor's office, and the state board of tax commissioners fixes the state levy, the total tax rates for each township and corporation in Rush county for 1922 will be computed by the auditor.

The rates of several townships have already published, and the following include those which have since been certified, with the two exceptions mentioned above.

The local rate in Ripley township for next year will be 66 cents as compared with 68 this year. The township tax was cut from three to two and a half cents, but the tuition and special school levies were each raised from 25 to 26 cents, a poll of 25 cents for each levy being continued. The road tax was reduced from 11 to 9 cents and the poor tax of one cent for this year was eliminated for 1922. The library tax was reduced from three to two and a half cents.

Posey township's local rate will be a half cent higher next year, making a total of 63 and a half cents. The township tax was cut from three to two cents, the tuition levy was left at 25 cents, the special school fund tax was raised one cent to 28, the road tax was increased one cent to eight cents, the poor tax of a half cent was eliminated and the library tax of a half cent was continued. A poll of one dollar was added to the special school fund tax.

Walker township's levy for 1922 was reduced from \$1.12 to 86 cents, the special school tax alone being cut from 40 to 25 cents. The school bond tax was reduced from ten to six cents and the vocational education levy from nine to six cents. The township tax of three and a half cents was lowered a half cent and the tuition levy from 35 to 30 cents. The road tax was raised from 14 to 15 cents and a poor levy of one-half cent was added. The library tax was left at one-half cent. A poll of \$1 for the special school fund was continued.

Orange township's levy was cut 12½ cents for next year, the 1922

Members of the "bloc" are in favor of reduction of freight rates. Reduction of surtax rates and repeal of the excess profits tax is opposed by the "bloc."

GOMPERS SPEAKS TO MINE WORKERS

Not Even Expected to Breathe, Says Labor Head, Commenting on Suit Against Organization

OPPOSES WAGE REDUCTION

Declares Cut Will Curtail Buying Power Which Would Tend to Further Depression

(By United Press)

Indianapolis, Ind., Sept. 24.—"The miners are not even expected to breathe as I understand it," Samuel Gompers, president of the American Federation of Labor, declared today in commenting on the suit brought against the United Mine Workers in convention here.

After his address condemning the attitude of the operators, he turned to President John L. Lewis and said, "I don't know what you will do but in the sense of our principles, I hope to visit you in jail."

Lewis jumped to his feet and stated, "I have every expectation that you will be accorded that principle." Gompers warned the workers not to yield to the wage reduction. Lowering of wages will curtail the buying power and that would tend to further depression.

The convention today ordered the international executive board to take "every possible means to protect the organization against the restraining suit filed by the Borderland Coal Company. The suit seeks to enjoin the organization from establishing the closed shop in the West Virginia coal field.

That is the most dangerous suit ever filed against the organization, according to Secretary William Greene of the convention.

The veteran labor leader came here from Washington at the invitation of President Lewis of the United Mine Workers, who sought his mantle at the Denver convention of the American Federation of Labor. He sat on the same platform with Lewis and they shook hands perfunctorily just before Gompers started his speech.

It is a matter of union history that the United Mine Workers has consistently opposed some of the Gompsonian policies and that past conventions of the coal diggers have gone on record against him. President Lewis in his report also expressed opposition to some of the ideas which Gompers put into effect and Lewis' position was upheld by the convention committee.

In the light of these facts, there was much speculation as to what would be the subject matter of Gompers' address. It was said he might pay tribute to Lewis for important labor steps taken by the latter.

BORAH WILL CARRY FIGHT TO PEOPLE

Idaho Senator, Opposing Treaty With Germany, Says it is Second Chapter of League Battle

UNABLE TO GET SUPPORT

By FRASER EDWARDS (U. P. Staff Correspondent)
Washington, Sept. 24—Senator Borah, of Idaho, will carry his fight against the new German peace treaty to the people if the Senate ratifies the pact.

"The fight to keep America out of European affairs has just begun and the ratification of the new treaty with Germany, which would take us in, will not end it," Borah declared today in an exclusive interview with the United Press.

"This fight will be carried to the people. It is the second chapter of the League of Nations fight. The people overwhelmingly repudiated the League and when they find that this treaty would involve America in European as long as the treaty stands they will repudiate it."

With consideration of the German treaty set for today in the Senate, Borah was confronted with a fight that seemed certain to end in defeat.

He faced it alone.

CENTER FARMERS TO MEET

At this time an explanation of the grain marketing plan of the United States Grain Growers, Incorporated, will be taken up and it is probable that C. S. Masters of Greenfield will be the principal speaker at the meeting.

There was no session held last month, and the officers of the township association would like to have a good attendance at the meeting Tuesday night.

Our Big Four

The appointment of Secretary of State Hughes, Senator Lodge, Senator Underwood and Elihu Root to represent the United States at the coming disarmament conference places our national interests in the hands of able and experienced men.

They are not men who can be bluffed, cajoled or hoodwinked.

They are not men who will exchange something for nothing, nor will they expect it of others.

We believe them to be men who will go into the conference with open minds, clear consciences, and two great objects in view—the limitation of armaments and the settlement of the far eastern question on an equitable basis that is fair and just to all nations and to all peoples.

If the delegates from other countries come to us in the same spirit there is hope that some good may result from the conference. But if they come as they went to Paris,

with the secret determination to wrest every possible advantage for their own governments regardless of the rights of others, then the conference is foredoomed to failure and the only thing left for this country to do will be to train armies and manufacture munitions of war.

In such a contingency it will be a case of fight or perish.

Drastic reorganization of the army has been ordered by Secretary of War Weeks to conform to the law fixing the maximum size of the army at 150,000. Regiments will be decreased in strength, and some of them dropped altogether. The infantry will number only 58,800 men, the balance of the army being divided among 12 other branches of the service. It is understood that voluntary branches of the service voluntary discharges from the army have reduced the total number so that there will be very few forced separations in order to reach the limit set by congress.

If it is true that an ounce of prevention is worth a pound of cure it would seem that our doctors might find it more profitable to adopt the Chinese method of keeping people free from disease instead of effecting a cure after they become sick.

The west lead over the east in a recent tennis series, all of which may help to dispell the current opinion "over east" that ever Indiana is still populated with Indians.

Why worry yourself over the mooted question as to when the world will end? You were not here when it was created and you will not be here when it blows up.

The youngster who, after his first experience at swimming, said the boys all went in the water "raw" has since grown up and has no term so expressive for short skirts.

Dispute Over Berganland is Approaching a Crisis

(By United Press)

Paris, Sept. 24.—Rumbling of a threatened war came from Central Europe today. The dispute between Hungary, Austria, Czechoslovakia, Jugo-Slavia and Roumania over who shall have the strip of territory of Berganland, is approaching a crisis.

Hungary has served the allied council of ambassadors with a communication that it gives the territory to Austria. Czechoslovakia and Jugo-Slavia and Roumania have prepared a note to the council of ambassadors asking the privilege to send military representatives to Hungary to demand that that nation disarm.

OBITUARY

"When thou passest through the waters I will be with thee, and the rivers, they shall not overflow thee; for I am thy Lord thy God."

After many weary months of terrible pain and suffering, the grim reaper, Death has stricken and gathered in the prime of his life, Charles Fremont Ellison, son of the late William and Sarah Ellison. He was born on July 13, 1856 in Rush county in which county he spent his entire life with the exception of six years when he lived in Jennings Co. He departed this life Sept. 20, 1921, being 65 years, 2 months and 7 days of age.

At the age of thirty he confessed his faith in Christ and united with the Big Flatrock Christian church and has always adhered to that faith. On October 11, 1883, he was united in marriage to Miss Julia Olive Hinton. Nine children resulted from this union. Eight of whom survive. One little bud being plucked from the family circle at the tender age of 16 months, who is waiting on the other side to welcome Papa to the home above where there is no pain or sorrow, for God has wiped all tears away.

He leaves a loving wife, six daughters, Iva, Grace, Maggie, Hattie, Linnie and Eva and two sons Willie and Earl; ten grand children, three brothers, Marshall, Lon and Elmer, other relatives and a host of friends who will sadly miss him. He was a kind and loving husband, a devoted and indulgent father to his children, and a good friend and neighbor. Always pleasant; never too busy but that he could give you a kind word, a smile or a little chat along the road as he met you.

He certainly scattered sunshine wherever he went being generous to a fault. His sole ambition was to provide for and make his family comfortable. As a neighbor, he was always ready and willing to render a favor whenever he was called upon. Never complaining, ready to do his duty he left us with the memory of a life of good deeds, an example that we may well follow.

His tired and worn feet will never battle along the pathway of life by the side of his loved ones, for he has gone to that city not made by hands but whose builder and maker is God. He has entered the pearly gates. The joys of Heaven will surely compensate for the sorrows of earth.

Hush our fears, this world is but a narrow span and we shall soon have passed it. The road is so short and there we shall be united with our beloved in the home beyond the sky.

Sad is the memory of our home today When you left us all in sorrow For that home so far away, You bade no one a last farewell, You said good-bye to none A brave heart had ceased to beat Almost before we knew that you were gone.

We shall often sit and think of you, When we are all alone, For memory is the only thing that grief can call its own.

We miss you more and more dear Daddy, as the hours and days go by, But we live in hope of meeting in that heavenly home on high.

43 PLAYERS TO TRY FOR TEAM

Prospects Encouraging For High School Basketball Season Which Opens in a Month

PRACTICE TO BEGIN MONDAY

Stewart and Shaw Will Probably Appear in Line-up Following First Semester

With the first basketball game on the schedule for the Rushville high school less than a month off, Coach A. H. Sutton last night at the close of school issued a call for players, and next week will begin the task of culling the number down to eight or ten players, from a list of 43 who will report for the first practice Monday night.

While the season is yet early, the red and black players will have several hard games right in the start, and probably two weeks will be required to reduce the number of players to a small number which can be handled better. Coach Sutton will begin a series of games for practice with picked players and thus eliminate the weaker ones.

From the ten players on last year's team, there are five this year in school, who are Casady, Cartmel, Phillips, Lowell Headlee and Frazee. The team this year is captained by Frazee, back guard.

What is expected to be added strength to the team after the mid-year promotion is Stewart, formerly of Milroy, who is living in Rushville now, but is not eligible to play the first semester. Shaw, shortstop on the local base ball team, and formerly a star player on the Connersville basketball team, and with the I. O. O. F. team here last year, has a half term to finish school, and will attend here during the last half.

The fact that he has not received money for playing with teams outside of the school, makes him eligible and with these two men, the local school should have a winner after the mid-year promotion.

The first game of the season will open with Arlington, and is scheduled for the 21st of next month, but this game will probably be pushed ahead for the 19th on account of the state teachers' meeting in Indianapolis.

All open dates have been filled on the schedule which includes 27 dates. Two games with Sandusky may be cancelled, as it is understood here now that the school will not have a team this year. The two Marlowe brothers, stars of the tournament, are believed to be considering plans to play independent ball, and Palmer will attend the Milroy school.

Following is the schedule for the season, and it may be noted that besides the surrounding cities and towns on the list, the team will play two games with the strong Martinsville team, and Oolitic is a new school to be added to the list. Only one game is scheduled with Greensburg, and the dates could not be arranged with Shelbyville for games this year.

"Brotherly Love"

Columbus, Ind., Sept. 24.—Beek's Grove community was still divided today over whether it is pious to have organs in church-houses.

After a fiery two-hour debate under the tall hickories of the Grove, members of the two rival congregations concerned met in a joint service last night, while the debating pastors preached on "brotherly love."

The organ was used only in that part of the service when the Rev. W. H. Book, organ champion, was in charge.

Chicago and Boston Men Battle For National Golf Championship

St. Louis Country Club, Clayton, Mo., Sept. 24.—East met west here today for the national amateur golf championship.

Jess Guilford, Boston "siege gun" clashed with Bob Gardner, Chicago. The length of the match will be 36 holes, 18 to be played this morning beginning around 10 a. m. and the last half in the afternoon, starting at 2 p. m.

Gardner has held the title twice and was runner up in the British championship last year. Guilford got as far as the semi finals in the tourney at Merion, in 1916 and captured the open champion last year.

Experts pick Gardner to tuck the title under his belt because of his record and experience.

Guilford knocked the crown off Charles (Chick) Evans' head yesterday by beating him, six and five. It was one of the soundest drubbings of Evans' spectacular golf career. William I. Hunter England's pride was eliminated by Gardner, six and four.

"JUST WAIT" IS SPEAKER'S REPLY

Gray-Haired Leader of Cleveland Indians Not Down-Hearted After Defeat by Yanks

COVELESKIE BEATEN, TOO

(By United Press)

New York, Sept. 24.—Tris Speaker has a bunch of fighters. Otherwise the Cleveland Indians could be counted out of the American League pennant race right now.

Having dropped the first game of the "croocial series" with the Yanks and with Stan Coveleskie, the first man of the pitching staff defeated, the Indians ought to be in a sad plight.

After he had lost the first two games in the world series last fall in Brooklyn, Speaker said.

"What is a little thing like two games? Just wait."

The gray haired leader of the world's champions fell back on the same doctrine today with a short—"just wait. There are three more games".

The first battle yesterday was witnessed by a crowd of 33,000 and the second conflict today promises to draw a crowd of 40,000.

This morning before the fog had lifted off the Harlem river a little band of champion fans were without the gates.

Huggins was expected to call up on Carl Mays, the submarine hurler to go after the second game of the series but Speaker's pitching selection was not so sure. The Indian chieftain had Mails ready but he gave no indication of his choice.

The Babe won the game himself yesterday, with three doubles and three runs.

Coveleskie's defeat is not a body blow for the Indians as he has been meat for the Yankees all season. He has won only one out of six starts for the champions against the New Yorkers this year.

The library tax was left at a half cent, but the school bond tax was cut from seven to four cents and the vocational agriculture levy from four to two cents. A poll of 50 cents for the tuition fund and 25 cents for the special school fund were continued.

Jackson township's rate will be 23 cents lower next year, the total to be 57 cents as compared with 80 cents this year. The township tax was reduced from four to three and a half cents and the special school tax from 50 to 25 1/2 cents. The tuition tax was raised from 10 to 10 1/2 cents and the road tax was cut from 16 to 9 and a half. A poor tax of one cent was added. A poll of 25 cents for tuition and 50 cents for special school were continued.

Glenwood's rate will be \$1.04, the same as this year. The township tax was left at two and a half cents, but the special school rate was reduced from 28 to 26 cents and the school bond tax from eight to five cents. The special school tax fund was raised from 15 to 20 cents and the township poor rate was left at a half cent. The corporation tax remains unchanged at 27 cents, the street fund tax at 10 cents and the electric light and water fund at 13 cents.

43 PLAYERS TO TRY FOR TEAM

Prospects Encouraging For High School Basketball Season Which Opens in a Month

PRACTICE TO BEGIN MONDAY

Stewart and Shaw Will Probably Appear in Line-up Following First Semester

With the first basketball game on the schedule for the Rushville high school less than a month off, Coach A. H. Sutton last night at the close of school issued a call for players, and next week will begin the task of culling the number down to eight or ten players, from a list of 43 who will report for the first practice Monday night.

While the season is yet early, the red and black players will have several hard games right in the start, and probably two weeks will be required to reduce the number of players to a small number which can be handled better. Coach Sutton will begin a series of games for practice with picked players and thus eliminate the weaker ones.

From the ten players on last year's team, there are five this year in school, who are Casady, Cartmel, Phillips, Lowell Headlee and Frazee. The team this year is captained by Frazee, back guard.

What is expected to be added strength to the team after the mid-year promotion is Stewart, formerly of Milroy, who is living in Rushville now, but is not eligible to play the first semester. Shaw, shortstop on the local base ball team, and formerly a star player on the Connersville basketball team, and with the I. O. O. F. team here last year, has a half term to finish school, and will attend here during the last half.

The fact that he has not received money for playing with teams outside of the school, makes him eligible and with these two men, the local school should have a winner after the mid-year promotion.

The first game of the season will open with Arlington, and is scheduled for the 21st of next month, but this game will probably be pushed ahead for the 19th on account of the state teachers' meeting in Indianapolis.

All open dates have been filled on the schedule which includes 27 dates. Two games with Sandusky may be cancelled, as it is understood here now that the school will not have a team this year. The two Marlowe brothers, stars of the tournament, are believed to be considering plans to play independent ball, and Palmer will attend the Milroy school.

Following is the schedule for the season, and it may be noted that besides the surrounding cities and towns on the list, the team will play two games with the strong Martinsville team, and Oolitic is a new school to be added to the list. Only one game is scheduled with Greensburg, and the dates could not be arranged with Shelbyville for games this year.

SENTENCED TO LIFE TERM

Willie Deffendoll Convicted for Murder of His Mother

(By United Press)

Boonville, Ind.,—Willie Deffendoll 17-year-old confessed slayer of his aged mother, will be taken to state's prison early next week to begin serving a life sentence imposed on him late yesterday.

The jury which convicted Deffendoll of the murder was out four hours.

The youth said he first shot his mother, Mrs. Laura Deffendoll, accidentally and then shot her twice more "to put her out of her misery". Previously he had accused his brother, Dollie, of the crime.

The trial centered about claims of the defense that Deffendoll was insane.

especially affected by the general business depression, and especially over the labor situation. He called attention to the fact that the railroads do not deal directly with the men, but all negotiations are carried on through the labor board.

The railroads are unjustly criticized, he said, for high rates, but under present conditions 86 cents out of every dollar taken in, is paid out for labor and upkeep of the railroads.

Mr. and Mrs. Parsons and daughter will remain here until midnight Sunday, and tomorrow they will be joined by Mrs. Parsons' sister, Mrs. Kate Cook and daughter Anna of Indianapolis, and from here they will go to Chicago, and will make further stops in Canada. Mrs. Parsons stated that she would be pleased to receive her former acquaintances at their car near Harrison street.

ter and that he might repeat part of the speech he made at Denver in which he said he defeated not Lewis but outside interests trying to dominate labor.

Gomper's speech here broke into the fights which have stirred the convention since it fairly got under

way. The particular question at issue was whether the convention should uphold the international executive board in its orders to President Alexander Howat of the Kansas district to call off two outlaw strikes in his territory.

Mrs. Willona Parsons, Wife of General Manager of Southern Pacific, Here in Private Car

HUSBAND, DAUGHTER WITH HER

Inquires About Former School Friends and Teachers And Desires to See Court House

Many notable changes have taken place in Rushville within the last thirty years, according to Mrs. Willona Parsons of New Orleans, who was reared in Rushville, and may be recalled by people who knew her as "Will" Stockham, when she gave out an interview this morning in their private car which is located in Fourth street near Harrison in the C. I. & W. yards.

Mrs. Parsons, with her husband, J. H. R. Parsons and daughter, Miss Anna Parsons, arrived in Rushville this morning at seven o'clock in their private coach from New Orleans, and they will remain here until Sunday night, when they leave for Chicago.

Mr. Parsons is the vice-president and general manager of the Southern Pacific lines, and he and his family are on their vacation, with several stops in view, and Mrs. Parsons desired to spend some time here renewing old acquaintances and in looking over the city wherein she was reared.

Mrs. Parsons is the daughter of Joe Stockham, who may be remembered by the Rushville people when he was in the shoe business here in the early '80's and who at one time served a term as township trustee. She attended the schools here and among her first inquiries she asked about Prof. David Graham, who has since died, and for whom the high school building is named.

Mrs. Parsons stated that only a person who had been away 30 years could see the growth and changes that have taken place. "What has become of the Innis-Pearce factory that stood on that lot?" she inquired, pointing to the closely built up district above Fourth and Harrison streets.

"I'm anxious to see the new court house, which was built recently, because when I left here the old building was still in use. All of these houses around here are not familiar to me, but the depot looks like it always did," she remarked.

Mrs. Parsons inquired about many of the "boys and girls" with whom she went to school, and also about the teachers, but in the course of 30 years, many have died or moved to other places.

Mr. Parsons, who is so directly associated with the railroad affairs, stated that the tide is now turning and that business will soon be back to normal, and cited the fact that the railroads are now emerging from a critical siege of hard times.

He cited that railroads have been

FORMER CARTHAGE POSTMASTER DIES

George A. Fletcher, Age 60, Expires at Son's Home in Picher, Oklahoma, Friday

FUNERAL IN MAYS MONDAY

George A. Fletcher, formerly of Carthage, died yesterday morning at the home of his son, Ralph S. Fletcher in Picher, Oklahoma, following a several weeks illness of stomach trouble. The deceased who was 60 years of age, was postmaster at Carthage several years ago and formerly owned a jewelry store there. He is survived by the widow, one son at whose home he died, and a daughter, Mrs. Earl Harter of Brazil, Ind.

The funeral services will be held at the home of John T. Bowles in Mays Monday afternoon at two o'clock. The burial will take place in Knightstown cemetery. The Rev. L. E. Brown, pastor of the Main Street Christian church, will have charge of the services.

Accommodating Is Word For Police Force

Accommodating—that's the word for the Rushville police force, although the night policemen did not know they were going on an errand of "mercy" last night when they answered a "stolen automobile" alarm.

About midnight they received a telephone call that a machine had been seen in an alley in the north-eastern part of the city, near the entrance to the garage, which was open. The suspicious folks who sent in the alarm had visions of automobile thieves.

Patrolmen Jenkins and Nicholson answered the call. They found the machine and their suspicions, too, were aroused when they found it bore a dealer's license. They awakened the occupants of the house and discovered the reason for the unusual circumstance.

The car had been purchased a few days ago by a man who was not familiar with driving. He "killed" his engine as he started in the garage, and being unable to start the engine again on account of the starter sticking, left the machine with its nose sticking inside the garage door.

The patrolmen, after such a hike, were determined to perform some service, and offered to help the owner shove the stranded machine inside if he would lend a hand. This he most gladly did and the obstreperous car was tucked away in its "downy" for the night, none the worse for the experience.

CHARLES V. TEVIS DIES IN NEW YORK

Former Rushville Man, Son of Methodist Minister, Born and Reared Here

WAS IN NEWSPAPER WORK

Charles Virgil Tevis, age 42 years, died in New York City yesterday, according to a message received here today. The deceased was the son of Dr. Virgil W. Tevis, formerly pastor of the St. Paul's Methodist Episcopal church of this city, but now of Martinsville.

Mr. Tevis was born in Rushville in 1879, was graduated from DePauw University and began newspaper work in Indianapolis. Later Mr. Tevis was Sunday editor of the Cincinnati Enquirer and went to New York City to write Sunday articles for various newspapers.

The deceased was a friend of James Whitcomb Riley and wrote many stories about the Hoosier poet and the interesting group that surrounded him, among whom was the father of Johnnie Gruelle, the illustrator and writer of children stories.

He is survived by the parents and three sisters, Dorothy, Elizabeth and Mrs. Arnold Spencer. No funeral arrangements were available today.

POSTPONED INDEFINITELY

Case of Harry Barnes Delayed by Illness of Prosecutor Stevens

A case scheduled for trial last night in Justice Stech's court of the state against Harry Barnes of Connersville, charged with driving his automobile without lights, was continued indefinitely on account of the illness of Prosecutor Stevens. The defense, his witnesses and Attorney Edwin Johnston of Connersville were here for the case, but Prosecutor Stevens was taken ill shortly before time, and could not appear in court.

The case was the outgrowth of an accident near Glenwood when the defendant was alleged to have driven his machine into a horse and buggy driven by two young men, who stated that the lights were not burning on the automobile.

ARMORED CARS PATROL STREETS

Military in Control in Belfast Today After a Wild Night of Rioting and Disorder

GUNMEN POUR FIRE IN STREET

British Police Patrol all Irish Ports to Search For Arms on All Incoming Steamers

Belfast, Sept. 24.—Corps of armored cars patrolled the streets of Belfast today after a wild night of rioting.

Fighting which broke out shortly after midnight spread throughout a section of the city. Gunmen hidden in doorways poured their fire into the streets. Rioting crowds surged along the main thoroughfares and order was not restored until the military swept the streets with their Hotchkiss guns.

The number of dead and wounded could not be determined. A bomb hurled in Harland street was the signal for the rioting. The entire east side district seethed with rifle and revolver fire as the detonation of the bomb died away.

Hundreds of gunmen, in the area of Newton road seized a railway station and the river bridges. They hid in places of vantage and poured a leaden fire along the main thoroughfare. Citizens in tramway cars became panicky and fled the district. Soon all cars were stopped.

The military speeding through the streets in armored cars fired their small arms without effect. It was only when they opened up on the rioters with their Hotchkiss guns that the revolvers threw down their arms and fled. The gangs dispersed before the guns but some of them rooted themselves in points of vantage and sniped until dawn. They took their injured with them.

Only the body of one civilian had been found at noon today.

LOCAL PHYSICIANS "NEARLY" CAPTURE "DEMPSEY" GAME FISH

The Daily Republican is in receipt of an account of how Dr. Frank H. Green and D. D. VanOsdol narrowly "missed" capturing "Dempsey," the biggest game fish in Wisconsin lakes. With the idea that most folks will know the source of the story, the Daily Republican is going to let everyone in on the secret and make it known that the story of the near capture came from S. B. Gary, a brother of L. B. Gary and brother-in-law of Dr. VanOsdol, who lives at Rhineland, Wis., and who, judging from the practical jokes which he works up, is a perfect match for his Rushville brother. Here's the story, and it may be taken for what it is worth:

An unsuccessful attempt was made the past week by Dr. D. D. VanOsdol, Dr. Frank H. Green and wife of Rushville, Ind., and Lot Green of Indianapolis to rid the lakes in Onondaga county, Wisconsin of the monster muskalonge "Dempsey" that has been terrorizing the bathers the past season.

"Dempsey" had his bantam weight (20 to 30 pounds each) nibble

ALL BUT TWO OF TAX UNITS REPORT

Levies For 1921 of Every Township and Corporation Except Anderson and Carthage Certified

REDUCTIONS IN ALL OF THEM

County Auditor Will Begin Computing Total Rates as Soon as State Levy is Made

Every taxing unit in Rush county has certified its tax levy for 1922 to the county auditor, Phil Wilk, with the exception of Anderson township and Carthage. It is believed that the levies have been made in both units but that the officials have neglected to make the proper report to the county officials.

As soon as all of the local rates are filed in the auditor's office, and the state board of tax commissioners fixes the state levy, the total tax rates for each township and corporation in Rush county for 1922 will be computed by the auditor.

The rates of several townships have already published, and the following include those which have since been certified, with the two exceptions mentioned above.

The local rate in Ripley township for next year will be 66 cents as compared with 68 this year. The township tax was cut from three to two and a half cents, but the tuition and special school levies were each raised from 25 to 26 cents, a poll of 25 cents for each levy being continued. The road tax was reduced from 11 to 9 cents and the poor tax of one cent for this year was eliminated for 1922. The library tax was reduced from three to two and a half cents.

Posey township's local rate will be a half cent higher next year, making a total of 63 and a half cents. The township tax was cut from three to two cents; the tuition levy was left at 25 cents, the special school fund tax was raised one cent to 28, the road tax was increased one cent to eight cents, the poor tax of a half cent was eliminated and the library tax of a half cent was continued. A poll of one dollar was added to the special school fund tax.

Walker township's levy for 1922 was reduced from \$1.12 to 86 cents, the special school tax alone being cut from 40 to 25 cents. The school bond tax was reduced from ten to six cents and the vocational education levy from nine to six cents. The township tax of three and a half cents was lowered a half cent and the tuition levy from 35 to 30 cents. The road tax was raised from 14 to 15 cents and a poor levy of one-half cent was added. The library tax was left at one-half cent. A poll of \$1 for the special school fund was continued.

Orange township's levy was cut 12 1/2 cents for next year, the 1922

The meeting of the "bloc" which now includes nearly one-third of the senate membership, to determine its course, will be called by Senator Kenyon, Iowa. The principal measures of the "bloc" are: A cooperating marketing bill which has been passed by the house and reported to the senate; provision for the appointment of a representative of agricultural interests on the federal reserve board; a rural credit bill so farmers can obtain long term credit; passage of the fabric bill to stop the selling of shoddy material for wool.

Members of the "bloc" are in favor of reduction of freight rates. Reduction of surtax rates and repeal of the excess profits tax is opposed by the "bloc."

GOMPERS SPEAKS TO MINE WORKERS

Not Even Expected to Breathe, Says Labor Head, Commenting on Suit Against Organization

OPPOSES WAGE REDUCTION

Declares Cut Will Curtail Buying Power Which Would Tend to Further Depression

(By United Press)
Indianapolis, Ind., Sept. 24.—"The miners are not even expected to breathe as I understand it," Samuel Gompers, president of the American Federation of Labor, declared today in commenting on the suit brought against the United Mine Workers in convention here.

After his address condemning the attitude of the operators, he turned to President John L. Lewis and said, "I don't know what you will do but in the sense of our principles, I hope to visit you in jail."

Lewis jumped to his feet and stated, "I have every expectation that you will be accorded that principle." Gompers warned the workers not to yield to the wage reduction. Lowering of wages will curtail the buying power and that would tend to further depression.

The convention today ordered the international executive board to take "every possible means to protect the organization against the restraining suit filed by the Borderland Coal Company. The suit seeks to enjoin the organization from establishing the closed shop in the West Virginia coal field.

That is the most dangerous suit ever filed against the organization, according to Secretary William Greene of the convention.

The veteran labor leader came here from Washington at the invitation of President Lewis of the United Mine Workers, who sought his mantle at the Denver convention of the American Federation of Labor. He sat on the same platform with Lewis and they shook hands perfunctorily just before Gompers started his speech.

It is a matter of union history that the United Mine Workers has consistently opposed some of the Gompsonian policies and that past conventions of the coal diggers have gone on record against him. President Lewis in his report also expressed opposition to some of the ideas which Gompers put into effect and Lewis' position was upheld by the convention committee.

In the light of these facts, there was much speculation as to what would be the subject matter of Gompers' address. It was said he might pay tribute to Lewis for important labor steps taken by the latter.

BORAH WILL CARRY
FIGHT TO PEOPLE

Idaho Senator, Opposing Treaty With Germany, Says it is Second Chapter of League Battle

UNABLE TO GET SUPPORT

By FRASER EDWARDS
(U. P. Staff Correspondent)

Washington, Sept. 24—Senator Borah, of Idaho, will carry his fight against the new German peace treaty to the people if the Senate ratifies the pact.

"The fight to keep America out of European affairs has just begun and the ratification of the new treaty with Germany, which would take us in, will not end it," Borah declared today in an exclusive interview with the United Press.

"This fight will be carried to the people. It is the second chapter of the League of Nations fight. The people overwhelmingly repudiated the League and when they find that this treaty would involve America in European as long as the treaty stands they will repudiate it."

With consideration of the German treaty set for today in the Senate, Borah was confronted with a fight that seemed certain to end in defeat.

He faced it alone.

CENTER FARMERS TO MEET

U. S. Grain Growers Organization to be Explained Tuesday Night

The regular meeting of the Center Township Farmers association will be held next Tuesday night at Mays, and a good program is being arranged for the meeting. At this time an explanation of the grain marketing plan of the United States Grain Growers, Incorporated, will be taken up and it is probable that C. S. Masters of Greenfield will be the principal speaker at the meeting.

There was no session held last month, and the officers of the township association would like to have a good attendance at the meeting Tuesday night.

Our Big Four

The appointment of Secretary of State Hughes, Senator Lodge, Senator Underwood and Elihu Root to represent the United States at the coming disarmament conference places our national interests in the hands of able and experienced men.

They are not men who can be bluffed, cajoled or hoodwinked.

They are not men who will exchange something for nothing, nor will they expect it of others.

We believe them to be men who will go into the conference with open minds, clear consciences, and two great objects in view—the limitation of armaments and the settlement of the far eastern question on an equitable basis that is fair and just to all nations and to all peoples.

If the delegates from other countries come to us in the same spirit there is hope that some good may result from the conference. But if they come as they went to Paris,

with the secret determination to wrest every possible advantage for their own governments regardless of the rights of others, then the conference is foredoomed to failure and the only thing left for this country to do will be to train armies and manufacture munitions of war.

In such a contingency it will be a case of fight or perish.

Drastic reorganization of the army has been ordered by Secretary of War Weeks to conform to the law fixing the maximum size of the army at 150,000. Regiments will be decreased in strength, and some of them dropped altogether. The infantry will number only 58,800 men, the balance of the army being divided among 12 other branches of the service. It is understood that voluntary discharges from the army have reduced the total number so that there will be very few forced separations in order to reach the limit set by congress.

If it is true that an ounce of prevention is worth a pound of cure it would seem that our doctors might find it more profitable to adopt the Chinese method of keeping people free from disease instead of effecting a cure after they become sick.

The west lead over the east in a recent tennis series, all of which may help to dispell the current opinion "over east" that ever Indiana is still populated with Indians.

Why worry yourself over the mooted question as to when the world will end? You were not here when it was created and you will not be here when it blows up.

The youngster who, after his first experience at swimming, said the boys all went in the water "raw" has since grown up and has no term so expressive for short skirts.

With base ball fighting for its last breath and a call issued for basketball candidates, what chance is there for the sport fan to get a rest!

No one is surprised that the state fair made \$25,000 after paying the various admission fees to get any place.

OBITUARY

"When thou passeth through the waters I will be with thee, and the rivers; they shall not overflow thee; for I am thy Lord thy God."

After many weary months of terrible pain and suffering, the grim reaper, Death has stricken and gathered in the prime of his life, Charles Fremont Ellison, son of the late William and Sarah Ellison. He was born on July 13, 1856 in Rush county in which county he spent his entire life with the exception of six years when he lived in Jennings Co. He departed this life Sept. 20, 1921, being 65 years, 2 months and 7 days of age.

At the age of thirty he confessed his faith in Christ and united with the Big Flatrock Christian church and has always adhered to that faith. On October 11, 1883, he was united in marriage to Miss Julia Olive Hinton. Nine children resulted from this union. Eight of whom survive. One little bud being plucked from the family circle at the tender age of 16 months, who is waiting on the other side to welcome Papa to the home above where there is no pain or sorrow, for God has wiped all tears away.

He leaves a loving wife, six daughters; Iva, Grace, Maggie, Hattie, Linnie and Eva and two sons, Willie and Earl; ten grand children, three brothers—Marshall, Lon and Elmer, other relatives and a host of friends who will sadly miss him. He was a kind and loving husband, a devoted and indulgent father to his children, and a good friend and neighbor. Always pleasant; never too busy but that he could give you a kind word, a smile or a little chat along the road as he met you.

He certainly scattered squishind wherever he went being generous to a fault. His sole ambition was to provide for and make his family comfortable. As a neighbor, he was always ready and willing to render a favor whenever he was called upon. Never complaining, ready to do his duty he left us with the memory of a life of good deeds, an example that we may well follow.

His tired and worn feet will never battle along the pathway of life by the side of his loved ones, for he has gone to that city not made by hands but whose builder and maker is God. He has entered the pearly gates. The joys of Heaven will surely compensate for the sorrows of earth.

Hush our fears, this world is but a narrow span and we shall soon have passed it. The road is so short and there we shall be united with our beloved in the home beyond the sky.

Sad is the memory of our home today When you left us all in sorrow For that home so far away, You bade no one a last farewell, You said good-bye to none A brave heart had ceased to beat Almost before we knew that you were gone.

We shall often sit and think of you, When we are all alone, For memory is the only thing That grief can call its own.

We miss you more and more dear Daddy, as the hours and days go by, but we live in hope of meeting in that heavenly home on high.

RUMBLING OF WAR HEARD

Dispute Over Berganland is Ap-
proaching a Crisis

(By United Press)

Paris, Sept. 24.—Rumbling of a
threatened war came from Central
Europe today. The dispute between
Hungary, Austria, Czechoslovakia,
Jugo-Slavia and Roumania over who
shall have the strip of territory of
Berganland, is approaching a crisis.

Hungary has served the allied
council of ambassadors with a com-
munication that it gives the territory to
Austria. Czechoslovakia and
Jugo-Slavia and Roumania have
prepared a note to the council of
ambassadors asking the privilege to
send military representatives to
Hungary to demand that that nation
disarm.

43 PLAYERS TO TRY FOR TEAM

Prospects Encouraging For High School Basketball Season Which Opens in a Month

PRACTICE TO BEGIN MONDAY

Stewart and Shaw Will Probably Appear in Line-up Following First Semester

With the first basketball game on the schedule for the Rushville high school less than a month off, Coach A. H. Sutton last night at the close of school issued a call for players, and next week will begin the task of culling the number down to eight or ten players, from a list of 43 who will report for the first practice Monday night.

While the season is yet early, the red and black players will have several hard games right in the start, and probably two weeks will be required to reduce the number of players to a small number which can be handled better. Coach Sutton will begin a series of games for practice with picked players and thus eliminate the weaker ones.

From the ten players on last year's team, there are five this year in school, who are Casady, Cartmel, Phillips, Lowell Headlee and Frazee. The team this year is captained by Frazee, back guard.

What is expected to be added strength to the team after the mid-year promotion is Stewart, formerly of Milroy, who is living in Rushville now, but is not eligible to play the first semester. Shaw, shortstop on the local base ball team, and formerly a star player on the Connersville basketball team, and with the I. O. O. F. team here last year, has a half term to finish school, and will attend here during the last half.

The fact that he has not received money for playing with teams outside of the school, makes him eligible and with these two men, the local school should have a winner after the midyear promotion.

The first game of the season will open with Arlington, and is scheduled for the 21st of next month, but this game will probably be pushed ahead for the 19th on account of the state teachers' meeting in Indianapolis.

All open dates have been filled on the schedule which includes 27 dates. Two games with Sandusky may be cancelled, as it is understood here now that the school will not have a team this year. The two Marlowe brothers, stars of the tournament, are believed to be considering plans to play independent ball, and Palmer will attend the Milroy school.

Following is the schedule for the season, and it may be noted that besides the surrounding cities and towns on the list, the team will play two games with the strong Martinsville team, and Oolitic is a new school to be added to the list. Only one game is scheduled with Greensburg, and the dates could not be arranged with Shelbyville for games this year.

"Brotherly Love"

Columbus, Ind., Sept. 24.—Beck's Grove community was still divided today over whether it is pious to have organs in church-houses.

After a fiery two-hour debate under the tall hickories of the Grove, members of the two rival congregations concerned met in a joint service last night, while the debating pastors preached on "brotherly love."

The organ was used only in that part of the service when the Rev. W. H. Book, organ champion, was in charge.

Watching Score Board

Yesterday's Hero—Babe Ruth hit three doubles and scored three runs while the Yankees were beating the Indians 4 to 2 in the first game of the series for the pennant.

Hamilton's tight pitching and timely batting enabled the Pirates to beat the Phils 2 to 0.

Using a team of rookies the Cubs defeated the Braves 13 to 5.

Judge singled in the ninth inning with the bases filled and the Senators beat the Tigers 2 to 1.

The Athletics rose up and took two from the White Sox at 4 to 0, and 9 to 1.

The Browns and the Red Sox divided one, the Browns winning the first 10 to 2 and losing the second 10 to 5.

Raleigh and Fairview Base Ball Team to Play it Off Later

Raleigh and Fairview figured in the finals yesterday afternoon at Fairview, when five schools participated in a high school baseball tournament, but the final game had to be called on account of darkness and will be played off in the near future.

The domestic science class of the school furnished the players with a supper following the game. Following is the result of the games played: Fairview 7, Bentonville 1; Raleigh 14, New Salem 0; Fairview 15, Orange 5. When the final game was called the score was 7 to 4 in favor of Raleigh, in the third inning.

FOOTBALL BUTS IN TODAY

Makes 1921 Debut on Already Crowded Sport Page

New York, Sept. 24.—Football butts in today on a crowded sport page for its 1921 debut.

The east swings into action with Yale, Harvard, Penn., Pittsburgh, Penn State, Dartmouth and Syracuse in action.

California opens the season on coast, Centre and Georgia Tech stage their coming out party in the south and Notre Dame opens the season in the west.

Harvard plays a double header with Middlebury and Boston; Yale plays Bates; Notre Dame opposes Kalamazoo and California goes against St. Marys.

Chicago and Boston Men Battle For National Golf Championship

St. Louis Country Club, Clayton, Mo., Sept. 24.—East met west here today for the national amateur golf championship.

Jess Guilford, Boston "siege gun" clashed with Bob Gardner, Chicago. The length of the match will be 36 holes, 18 to be played this morning beginning around 10 a. m. and the last half in the afternoon, starting at 2 p. m.

Gardner has held the title twice and was runner up in the British championship last year. Guilford got as far as the semi finals in the tourney at Merion, in 1916 and captured the open champion last year. Experts pick Gardner to tuck the title under his belt because of his record and experience.

Guilford knocked the crown off Charles (Chick) Evans' head yesterday by beating him, six and five. It was one of the soundest drubbings of Evan's spectacular golf career. William I. Hunter England's pride was eliminated by Gardner, six and four.

SPORT CHATTER

Boston, Sept. 24.—Louis Bogash, of Bridgeport, Conn., gave Joe Bag-an, of this city a fine wallop in their ten round bout here last night. Bogash took practically every round by a wide margin.

Cambridge, Mass. Sept. 24.—Harvard will officially open its 1921 football season this afternoon when the crimson takes on Boston University and Middlebury college of Vermont in a double header at the stadium here.

New Haven, Sept. 24.—Fifty thousand fans are expected to see Yale open the 1921 foot ball season with Bates College on Yale field this afternoon. Substitutes will be used freely, Coach Jones announced.

New York, Sept. 24.—Little Johnny Buff, the father of a flock of little Buffets was showing the bantam weight crown to the family this morning.

Buff won the title from Pete Herman last night in Madison Square garden in a fifteen round bout in the early rounds of which Buff was roughly handled.

"JUST WAIT" IS SPEAKER'S REPLY

Gray-Haired Leader of Cleveland Indians Not Down-Hearted After Defeat by Yanks

COVELESKIE BEATEN, TOO

(By United Press)
New York, Sept. 24.—This Speaker has a bunch of fighters. Otherwise the Cleveland Indians could be counted out of the American League pennant race right now.

Having dropped the first game of the "groogial series" with the Yanks and with Stan Coveleskie, the first man of the pitching staff defeated, the Indians ought to be in a sad plight.

After he had lost the first two games in the world series last fall in Brooklyn, Speaker said.

"What is a little thing like two games? Just wait!"

The gray haired leader of the world's champions fell back on the same doctrine today with a short—"just wait. There are three more games."

The first battle yesterday was witnessed by a crowd of 33,000 and the second conflict today promises to draw a crowd of 40,000.

This morning before the fog had lifted off the Harlem river a little band of champion fans were without the gates.

Huggins was expected to call upon Carl Mays, the submarine hurler to go after the second game of the series but Speaker's pitching selection was not so sure. The Indian chieftain had Mails ready but he gave no indication of his choice.

The Babe won the game himself yesterday, with three doubles and three runs.

Coveleskie's defeat is not a body blow for the Indians as he has been meat for the Yankees all season. He has won only one out of six starts for the champions against the New Yorkers this year.

rate being 61 1/2 cents. The township tax was left at three cents, the tuition tax cut from 21 to 20 cents and the special school tax from 26 to 20 cents. The road tax was left at 12 cents and the township poor tax of a half cent was eliminated. The library tax was left at a half cent, but the school bond tax was cut from seven to four cents and the vocational agriculture levy from four to two cents. A poll of 50 cents for the tuition fund and 25 cents for the special school fund were continued. Jackson township's rate will be 23 cents lower next year, the total to be 57 cents as compared with 80 cents this year. The township tax was reduced from four to three and a half cents and the special school tax from 50 to 25 cents. The tuition tax was raised from 10 to 10 1/2 cents and the road tax was cut from 16 to 9 and a half. A poor tax of one cent was added. A poll of 25 cents for tuition and 50 cents for special school were continued.

Glenwood's rate will be \$1.04, the same as this year. The township tax was left at two and a half cents, but the special school rate was reduced from 28 to 26 cents and the school bond tax from eight to five cents. The special school tax fund was raised from 15 to 20 cents and the township poor rate was left at a half cent. The corporation tax remains unchanged at 27 cents, the street fund tax at 10 cents and the electric light and water fund at 13 cents.

Union township's levy for next year will be 75 cents, the same as last year. The changes in levies are the same as in Glenwood, the road fund tax of 21 cents being levied outside the town and the three corporation levies only in the town.
